

COVID-19 Vaccine Information

The COVID-19 vaccine will be available soon in North Dakota. The state has developed a plan on how North Dakotans will be prioritized to receive the vaccine. Find more information at <https://www.health.nd.gov/nd-covid-19-vaccination-plan>.

North Dakota Medicaid will reimburse providers who are enrolled with the North Dakota Department of Health to administer the COVID-19 vaccine. Providers must also be enrolled with North Dakota Medicaid to receive reimbursement for vaccine administration.

Once the vaccine is publicly available, a list of providers who are able to administer the vaccine will be posted to www.vaccinefinder.org.

The codes and fees are in the table below. Currently, the vaccine itself is being provided at no cost to providers and patients by the federal government, but North Dakota Medicaid still requires submission of the vaccine code, to ensure the appropriate administration code is being billed for the vaccine given.

Service	Code	Modifier	CPT Short Descriptor	Labeler Name	Vaccine Name	Payment
Administration (Pfizer)	0001A		ADM SARSCOV2 30MCG/0.3ML 1ST	Pfizer	Pfizer - Biontech Covid-19 Vaccine Administration – First Dose	\$16.52
