

NORTH DAKOTA IMMUNIZATION INFORMATION SYSTEM (NDIIS) VACCINE

ABBREVIATIONS AND TRADE NAMES

<u>NDIIS VACCINE NAME/ABBREVIATION</u>	<u>VACCINE NAME/DESCRIPTION</u>	<u>TRADE NAME</u>	<u>NOTES</u>
Adenovirus (type 4)	Adenovirus type 4, live, oral		only to be used to record historical immunizations
Adenovirus (type 7)	Adenovirus type 7, live, oral		only to be used to record historical immunizations
Adenovirus (type 4,7)	Adenovirus types 4 and 7, live, oral		
Adenovirus (unspecified)	Adenovirus vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
ANTHRAX	anthrax vaccine	BIOTHRAX®	
BCG	bacillus calmette-guerin vaccine	Tice BCG®	Tuberculosis vaccine used outside the US
Botulinum Antitoxin	botulinum antitoxin		
CHOLERA (live)	cholera, live attenuated vaccine	VAXCHORA®	
CHOLERA (unspecified)	Cholera vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
CMVIG	cytomegalovirus immune globulin, intravenous		
COVID Moderna 2023-24 <12			
COVID Moderna 2023-24 12+			
COVID Novavax 2023-24 12+			
COVID Pfizer 2023-24 <5			
COVID Pfizer 2023-24 5-11			
COVID Pfizer 2023-24 12+			
COVID19 (AstraZeneca)		VAXZEVRIA®, COVISHIELD®	

COVID19 (CONVIDECIA)			Non-U.S. vaccine product, only to be used to record historical immunizations
COVID19 (COVAXIN)			Non-U.S. vaccine product, only to be used to record historical immunizations
COVID19 (Janssen)		Janssen (J&J) COVID-19 Vaccine®	Pandemic presentation not used after 5/6/2023
COVID19 (MDO-Covifenz)		Covifenz®	Non-U.S. vaccine product, only to be used to record historical immunizations
COVID19 (MOD biv non-US)			Non-U.S. vaccine product, only to be used to record historical immunizations
COVID19 Moderna (5 dose)			Monovalent pandemic presentation not used after 4/20/2023
COVID19 Moderna (10 dose)			Monovalent pandemic presentation not used after 4/20/2023
COVID19 Moderna <6			Monovalent pandemic presentation not used after 4/20/2023
COVID19 Moderna 6-11			Monovalent pandemic presentation not used after 4/20/2023
COVID19 MOD bivalent <6			Pandemic presentation not used after 9/1/2023
COVID19 MOD bivalent 6+			Pandemic presentation not used after 9/1/2023
COVID19 (Novavax)			Non-U.S. vaccine product, only to be used to record historical immunizations
COVID19 (PFR biv non-US)			Non-U.S. vaccine product, only to be used to record historical immunizations
COVID19 Pfizer-PS 12+			Monovalent pandemic presentation not used after 4/20/2023

COVID19 Pfizer-TRIS <5			Monovalent pandemic presentation not used after 4/20/2023
COVID19 Pfizer-TRIS 5-11			Monovalent pandemic presentation not used after 4/20/2023
COVID19 Pfizer-TRIS 12+			Monovalent pandemic presentation not used after 4/20/2023
COVID19 PFR bivalent <5			Pandemic presentation not used after 9/1/2023
COVID19 PFR bivalent 5-11			Pandemic presentation not used after 9/1/2023
COVID19 PFR bivalent 12+			Pandemic presentation not used after 9/1/2023
COVID19 (Sinopharm)		Sinopharm (BIBP) COVID-19 Vaccine®	Non-U.S. vaccine product, only to be used to record historical immunizations
COVID19 (Sinovac)			Non-U.S. vaccine product, only to be used to record historical immunizations
COVID19 (unspecified)			only to be used to record historical immunizations where exact formulation is unknown
Dengue Fever	dengue fever, tetravalent	DENGVAXIA®	
Diphtheria Antitoxin	diphtheria antitoxin		
DT (pediatric)	diphtheria and tetanus toxoids, absorbed for pediatric use	DT (Generic)®	
DTAP	diphtheria, tetanus toxoids and acellular pertussis vaccine	Tripedia®, Infanrix®	
DTAP - 5	diphtheria, tetanus toxoids and acellular pertussis vaccine, 5 pertussis antigens	Daptacel®	
DTAP (unspecified)	diphtheria, tetanus toxoids and acellular pertussis vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown

DTaP/HIB	DTaP-haemophilus influenzae type B conjugate vaccine	Trihibit®	
DTAP/IPV	diphtheria, tetanus toxoids and acellular pertussis vaccine and poliovirus, inactivated	Kinrix®, Quadracel®	
DTaP-HBV-IPV (Pediarix)	DTaP, hepatitis b and poliovirus vaccine	Pediarix®	
DTaP-Hib-IPV (Pentacel)	diphtheria, tetanus toxoids and acellular pertussis vaccine, haemophilus influenza type b conjugate and poliovirus vaccine	Pentacel®	
DTaP/IPV/Hib/HBV	diphtheria, tetanus toxoids and acellular pertussis vaccine, poliovirus, haemophilus influenza type b conjugate, and hepatitis B vaccine	Vaxelis®	
DTP	diphtheria, tetanus toxoids and pertussis vaccine		only to be used to record historical immunizations
DTP/HIB	DTP-haemophilus influenza type B conjugate vaccine		only to be used to record historical immunizations
Ebola (live virus)	Ebola Zaire vaccine, live, recombinant	ERVEBO®	
Ebola (unspecified)	Ebola vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
H1N1 (inactivated P/F)	novel influenza H1N1-02, preservative free injectable		only to be used to record historical immunizations
H1N1 (inactivated W/P)	novel influenza H1N1-09, injectable, with preservative		only to be used to record historical immunizations
H1N1 (live virus)	novel influenza H1N1-09, live virus for nasal administration		only to be used to record historical immunizations

H1N1 (unspecified)	novel influenza H1N1-09, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
HAV (3 dose)	hepatitis A vaccine, pediatric/adolescent dosage		only to be used to record historical immunizations
HAV Adult	hepatitis A vaccine, adult dosage	Vaqta®, Havrix®	
HAV Pediatric	hepatitis A vaccine, pediatric/adolescent dosage	Vaqta®, Havrix®	
HAV (unspecified)	hepatitis A, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
HAV/HBV	hepatitis A and B vaccine	Twinrix®	
HBIG	hepatitis B immune globulin		
HBV Adolescent	hepatitis B vaccine, adolescent dosage		only to be used to record historical immunizations
HBV Adult	hepatitis B vaccine, adult dosage	Recombivax HB®, Engerix-B®	
HBV Adult (Hepelisav)	hepatitis B recombinant vaccine, adjuvanted	Hepelisav-B®	
HBV Adult (PREHEVBRIO)		PREHEVBRIO®	
HBV (dialysis)	hepatitis B vaccine, dialysis patient dosage	Recombivax-Dialysis®	
HBV Pediatric	hepatitis B vaccine, preservative free, pediatric or pediatric/adolescent dosage	Engerix-B®, Recombivax HB®	
HBV (unspecified)	hepatitis B vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
HBVP/HIB	haemophilus influenza type b conjugate and Hepatitis B vaccine		only to be used to record historical immunizations

HIB (HbOC) HibTITER	haemophilus influenzae type b vaccine, HbOC conjugate		only to be used to record historical immunizations
HIB (PRD-D) ProHIBIT	haemophilus influenzae type b vaccine, PRP-D conjugate		only to be used to record historical immunizations
HIB (PRP-OMP) PedvaxHIB	haemophilus influenzae type b vaccine, PRP-OMP conjugate	Pedvax®	
HIB (PRP-T) ACTHib	haemophilus influenzae type b vaccine, PRP-T conjugate	ActHIB®	
HIB (PRP-T) HIBERIX	haemophilus influenzae type b vaccine, PRP-T conjugate	Hiberix®	
HIB (unspecified)	haemophilus influenza type b vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
HPV-2	human papilloma virus vaccine, bivalent		only to be used to record historical immunizations
HPV-4	human papilloma virus vaccine, quadrivalent	Gardasil®	only to be used to record historical immunizations
HPV-9	human papilloma virus vaccine, 9-valent	Gardasil 9®	
HPV (unspecified)	human papillomavirus, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
IG	immune globulin		
INFL (ccIIV3)	trivalent, cell-cultured, injectable, preservative free		only to be used to record historical immunizations
INFL (ccIIV4 P/F)	quadrivalent, cell-cultured, injectable, preservative free	Flucelvax quadrivalent, preservative free®	
INFL (ccIIV4 W/P)	quadrivalent, cell-cultured, injectable, with preservative	Flucelvax quadrivalent®	
INFL (IIV3 id-P/F)	preservative free, intradermal injection	Fluzone, intradermal®	

INFL (IIV3 P/F)	trivalent, injectable, preservative free	FLUARIX®, Afluria-preservative free®, FLUVIRIN-PRESERVATIVE FREE®	
INFL (IIV3 P/F) ADJ	trivalent, preservative free, adjuvanted	Fluad®	
INFL (IIV3 P/F) high dose	high dose seasonal, preservative free	FLUZONE – HIGH DOSE®	
INFL (IIV3 W/P)	trivalent, injectable, with preservative	FLUVIRIN®	
INFL (IIV4 id-P/F)	quadrivalent, preservative free, intradermal injection	Fluzone quadrivalent, intradermal®	
INFL (IIV4 P/F)	quadrivalent, injectable, preservative free	Afluria quadrivalent preservative free®, Fluarix quadrivalent preservative free®, Fluzone quadrivalent preservative free®	
INFL (IIV4 P/F) ADJ	quadrivalent, preservative free, adjuvanted		
INFL (IIV4 P/F) high dose	high dose seasonal, quadrivalent, preservative free	FLUZONE High-Dose Quadrivalent®	
INFL (IIV4 P/F) pediatric	injectable, quadrivalent, preservative free, pediatric	Fluzone quadrivalent, pediatric (0.25mL dose)®	
INFL (IIV4 W/P)	injectable, quadrivalent	Afluria-quadrivalent®, Flulaval-quadrivalent®, Fluzone-quadrivalent®	
INFL (IIV4south highdose)	influenza, quadrivalent, high dose, Southern Hemisphere, preservative free		only to be used to record historical immunizations
INFL (IIV4south P/F)	influenza, quadrivalent, Southern Hemisphere, preservative free		only to be used to record historical immunizations

INFL (IIV4south P/F) peds	influenza, quadrivalent, Southern Hemisphere, 0.25mL pediatric dose, preservative free		only to be used to record historical immunizations
INFL (IIV4south W/P)	influenza, quadrivalent, Southern Hemisphere, with preservative		only to be used to record historical immunizations
INFL (LAIV3)	live, attenuated, for intranasal use		only to be used to record historical immunizations
INFL (LAIV4)	live, attenuated, intranasal, quadrivalent	FluMist®	
INFL (LAIV unspecified)	unspecified live virus formulation		only to be used to record historical immunizations where exact formulation is unknown
INFL (RIV3)	trivalent, recombinant, injectable, preservative free	FLUBlok®	
INFL (RIV4)	quadrivalent, recombinant, injectable, preservative free	FLUBlok-quadrivalent®	
INFL (unspecified)	seasonal influenza vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
INFL (whole)	seasonal influenza virus vaccine, whole virus		only to be used to record historical immunizations
IPV	inactivated polio virus vaccine	IPOL®	
JEV (im)	Japanese encephalitis vaccine, intramuscular injection	Ixiaro®	
JEV (sc)	Japanese encephalitis vaccine, subcutaneous administration	JE-VAX®	
JEV (unspecified)	Japanese encephalitis vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
LYME DISEASE	Lyme disease vaccine		

MCV4 Menactra	meningococcal polysaccharide (groups A, C, Y and W-135) diphtheria toxoid conjugate vaccine; also known as MCV4P	Menactra®	
MCV4 MenQuadfi	meningococcal polysaccharide (groups A, C, Y, W-135) tetanus toxoid conjugate vaccine .5mL dose, preservative free	MenQuadfi®	
MCV4 Menveo	meningococcal oligosaccharide (groups A, C, Y and W-135) diphtheria toxoid conjugate vaccine; also known as MCV4O	Menveo®	
MCV4 (unspecified)	meningococcal MCV4, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
MEN C/Y-HIB	bivalent meningococcal conjugate vaccine and Haemophilus influenza type b conjugate vaccine	MenHibrix®	
Men B Bexsero	meningococcal B vaccine, recombinant, OMV, adjuvanted	Bexsero®	
Men B Trumenba	meningococcal B vaccine, fully recombinant	Trumenba®	
Men B (unspecified)	meningococcal B vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
MenABCWY (Penbraya)		Penbraya®	
MENINGOCOCCAL C	meningococcal C conjugate vaccine		vaccine is only used outside of the United States, should only be used to record historical immunizations from out of the country

MPSV4 (meningococcal)	meningococcal polysaccharide vaccine		only to be used to record historical immunizations
MEASLES	measles virus vaccine		only to be used to record historical immunizations
MR	measles and rubella virus vaccine		only to be used to record historical immunizations
MMR	measles, mumps and rubella virus vaccine	MMRII®, Priorix®	
MMRV	measles, mumps, rubella and varicella virus vaccine	Proquad®	
MUMPS	mumps virus vaccine		only to be used to record historical immunizations
OPV1 (non-US)	monovalent poliovirus vaccine, live, oral		used to record OPV doses given outside the U.S. where monovalent is specified; doses do not count towards U.S. polio schedule
OPV2 (non-US)	bivalent poliovirus vaccine, live, oral		used to record OPV doses given outside the U.S. where bivalent is specified; doses do not count towards U.S. polio schedule
OPV3 (US)	trivalent poliovirus vaccine, live, oral		used to record historical OPV doses given before April 1, 2016, regardless of where administered; doses given before April 1, 2016 count towards the U.S. polio schedule
OPV (unspecified)			only to be used to record historical immunizations where exact formulation is unknown
PCV7 (pneumococcal)	pneumococcal conjugate vaccine, 7 valent		only to be used to record historical immunizations
PCV13 (pneumococcal)	pneumococcal conjugate vaccine, 13 valent	Prevnar 13®	

PCV15 (pneumococcal)	pneumococcal conjugate vaccine, 15 valent	Vaxneuvance®	
PCV20 (pneumococcal)	pneumococcal conjugate vaccine, 20 valent	Pevnar 20®	
PCV (unspecified)	pneumococcal conjugate, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
Plague	plague vaccine		only to be used to record historical immunizations where exact formulation is unknown
Pneumo (unspecified)	pneumococcal, unspecified formulation		
POLIO (unspecified)	polio, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
PPVS23 (pneumococcal)	pneumococcal polysaccharide vaccine, 23 valent	Pneumovax®	
RABIES (id)	rabies vaccine; for intradermal injection	Imovax ID®	
RABIES IG	rabies immune globulin		
Rabies IM	rabies, intramuscular injection	Imovax®	
Rabies IM (Imovax)	Human rabies vaccine from human diploid cell culture; for intramuscular injection	Imovax®	
Rabies IM (Rabavert)	Human rabies vaccine from chicken fibroblast culture; for intramuscular injection	RABAVERT®	
RABIES (unspecified)	rabies vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
ROTAVIRUS (2 dose)	rotavirus, live, monovalent vaccine, 2 dose schedule, oral administration	Rotarix®	

ROTAVIRUS (3 dose)	rotavirus, live, pentavalent vaccine, 3 dose schedule, oral administration	Rotateq®	
ROTAVIRUS (Rotashield)	rotavirus, tetravalent vaccine		only to be used to record historical immunizations
ROTAVIRUS (unspecified)	rotavirus vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
RSV Abrysvo	RSV vaccine, bivalent, diluent reconstituted, preservative free	ABRYSVO®	
RSV Arexvy	RSV vaccine, recombinant, adjuvant reconstituted, preservative free	Arexvy®	
RSV vaccine (unspecified)			only to be used to record historical immunizations where exact formulation is unknown
RSV mAB Beyfortus (0.5mL)	RSV monoclonal antibody, niresvimab	BEYFORTUS®	
RSV mAB Beyfortus (1.0mL)	RSV monoclonal antibody, niresvimab	BEYFORTUS®	
RSV mAB (unspecified)			only to be used to record historical immunizations where exact formulation is unknown
RSV (unspecified)			only to be used to record historical immunizations where it is not known if vaccine or mAB was given
RUBELLA	rubella virus vaccine		only to be used to record historical immunizations
RUBELLA/MUMPS	rubella and mumps vaccine		only to be used to record historical immunizations
SMALLPOX	vaccinia (smallpox) vaccine		

SMALLPOX/MONKEYPOX	vaccinia, smallpox monkeypox vaccine live, preservative free	JYNNEOS®	
TBE (adult)	tick-borne encephalitis, inactivated, preservative free, 0.5mL	TICOVAC®	
TBE (non-US)			Non-U.S. vaccine product, only to be used to record historical immunizations
TBE (pediatric)	tick-borne encephalitis, inactivated, preservative free, 0.25mL	TICOVAC®	
TBE (unspecified)			only to be used to record historical immunizations where exact formulation is unknown
Td (adult)	tetanus and diphtheria toxoids, not adsorbed, for adult use		
Td-2 (adult P/F)	tetanus and diphtheria toxoids, adsorbed, 2Lf, preservative free, adsorbed	Td, adsorbed®, TDVAX®	
Td-5 (adult P/F)	tetanus and diphtheria toxoids, adsorbed, 5Lf, preservative free, adsorbed	Decavac®, Tenivac®	
Td P/F (unspecified)	tetanus and diphtheria toxoids, adsorbed, preservative free, for adult use, Lf unspecified		only to be used to record historical immunizations where exact formulation is unknown
Td (unspecified)	tetanus and diphtheria toxoids		only to be used to record historical immunizations where exact formulation is unknown
Tetanus Toxoid	tetanus toxoid, adsorbed		
Tetanus Toxoid (na)	tetanus toxoid, not adsorbed		

Tetanus Toxoid (unspec)	tetanus toxoid, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
Tdap	tetanus toxoid, reduced diphtheria toxoid and acellular pertussis vaccine, absorbed	Boosterix®, Adacel®	
TIG	tetanus immune globulin		
Typhoid (military)	typhoid vaccine, parenteral, acetone-killed, dried, US military		only to be used to record historical immunizations
Typhoid (oral)	typhoid vaccine, live oral	Vivotif Berna®	
Typhoid (parenteral)	typhoid vaccine		
TYPHOID ViCP (im)	typhoid Vi capsular polysaccharide vaccine	Typhim VI®	
Typhoid (unspecified)	typhoid vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
VARICELLA (CHICKENPOX)	varicella virus vaccine	Varivax®	
VZIG	varicella zoster immune globulin		
Yellow Fever (alternate)	yellow fever vaccine, alternative formulation	Stamaril®	
Yellow Fever (US)	yellow fever vaccine	YF-VAX®	
Yellow Fever (unspec)	yellow fever vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
ZOSTER Shingrix	zoster vaccine, subunit	Shingrix®	
ZOSTER Zostavax	zoster vaccine, live	Zostavax®	
ZOSTER (unspecified)	zoster vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
